

IN THE SPECIFICATION:

Replace the paragraph at page 1, line 1 with the following amended paragraph:

Specification

Replace the paragraph at page 1, line 9 with the following amended paragraph:

Background [[Art]] Of The Invention

Replace the paragraphs at page 1, lines 21-22 with the following amended paragraphs:

Disclosure Of Invention

(Problem To Be Solved By The Invention)

Replace the paragraph at page 2, line 25 with the following amended paragraph

(Means For Solving The Problem) Summary of the Invention

Replace the paragraph at page 4, line 17 with the following amended paragraph

(Effect Of The Invention)

Replace the paragraphs at page 5, lines 2-5 with the following amended paragraphs:

[[Fig.]] Figs. 1(A)-1(D) are is a view views showing the structure of means for selectively forming a region having affinity for liquid on a liquid-repellent surface.

[[Fig.]] Figs. 2(A)-2(D) are is a view views showing the structure of means for selective forming a groove on a surface having affinity for liquid.

Replace the paragraph at page 5, line 12 with the following amended paragraph:

[[Fig.]] Figs. 6(A)-6(B) are is a view views showing a plasma processing port and a drop discharge port.

Replace the paragraphs at page 5, lines 15-20 with the following amended paragraphs:

[[Fig.]] Figs. 8(A)-8(D) are [[is a]] sectional [[view]] views for explaining a process of manufacturing a display apparatus in this invention.

[[Fig.]] Figs. 9(A)-9(D) are [[is a]] sectional [[view]] views for explaining the process of manufacturing a display apparatus in this invention.

[[Fig.]] Figs. 10(A)-10(D) are [[is a]] sectional [[view]] views for explaining the process of manufacturing a display apparatus in this invention.

Replace the paragraphs at page 5, line 25 - page 6, line 7 with the following amended paragraphs:

[[Fig.]] Figs. 13(A)-13(C) are is a view views showing [[an]] embodiment embodiments of the display apparatus in this invention.

[[Fig.]] Figs. 14(A)-14(C) are is a view views showing an example of means for filling an opening with a drop composition according to this invention.

[[Fig.]] Figs. 15(A)-15(C) are is a view views showing an example of means for filling an opening with a drop composition according to this invention.

[[Fig.]] Figs. 16(A)-16(C) are is a view views showing an example of means for filling an

opening with a drop composition according to this invention.

Replace the paragraph at page 6, line 10 with the following amended paragraph:

Best Mode for Carrying Out the Invention Detailed Description of the Presently Preferred Embodiments
